#### **AC/DC Power Supply**

- Fully encapsulated power supplies in plastic casing for PCB mount
- Fully regulated outputs
- 3000 VAC I/O-isolation
- High efficiency up to 80%
- Universal input range 90 to 264 VAC
- Operating temperature range: -40°C to +70°C max.
- Safety class II prepared
- Short circuit over power and over voltage limitation
- 3-year product warranty

UL 62368-1 IEC 62368-1

TMG 07 Series AC/DC power modules come in fully encapsulated plastic package. They are ultra-compact, energy-efficient and cost/performance optimised for prevailing market requirements. The high efficiency and the use of high grade components make these modules suitable for an operating temperature range of  $-40^{\circ}$ C to  $+70^{\circ}$ C. Together with very low no-load power consumption they are suitable for applications conforming with the ErP directive. The modules are protected against short-circuit and over voltage. EMI/EMC characteristics and the safety approval package qualify them for demanding applications in equipment for industrial or commercial environments.

| Models     |              |                |                |            |
|------------|--------------|----------------|----------------|------------|
| Order Code | Output Power | Output Voltage | Output Current | Efficiency |
|            | max.         | nom.           | max.           | typ.       |
| TMG 07105  | 6.3 W        | 5 VDC          | 1'260 mA       | 77 %       |
| TMG 07112  |              | 12 VDC         | 583 mA         | 80 %       |
| TMG 07115  | 7 W          | 15 VDC         | 466 mA         | 80 %       |
| TMG 07124  |              | 24 VDC         | 292 mA         | 80 %       |

| Working Voltage (rated)   |                         |                       | 340 VAC                                       |
| Isolation Test Voltage    | - Input to Output, 60 s |                       | 3'000 VAC                                     |
| Creepage                  | - Input to Output       |                       | 5 mm min.                                     |
| Clearance                 | - Input to Output       |                       | 4.6 mm min.                                   |
| Leakage Current           | - Earth Leakage Current |                       | 250 μA max.                                   |
| (at 240 VAC)              |                         |                       |   |
| Reliability               | - Calculated MTBF       |                       | 500'000 h (MIL-HDBK-217F, ground benign)      |
| Washing Process           |                         |                       | Not allowed                                   |
| Housing Material          |                         |                       | Plastic resin (UL 94 V-0 rated)               |
| Potting Material          |                         |                       | Silicone (UL 94 V-0 rated) (Hermetical sealed |
|                           |                         |                       | structure, dust-proof only non water-proof)   |
| Pin Material              |                         |                       | Brass   |
| Pin Surface Plating       |                         |                       | <b>Tin</b> (120 µm min.) <b>, matte</b>       |
| Housing Type              |                         |                       | Plastic Case                                  |
| Mounting Type             |                         |                       | PCB Mount                                     |
| Connection Type           |                         |                       | THD (Through-Hole Device)                     |
| Soldering Profile         |                         |                       | Lead-Free Wave Soldering                      |
|                           |                         |                       | 270°C / 3 s max.                              |
| Weight                    |                         |                       | 26 g  |

All specifications valid at nominal voltage, resistive full load and +25°C after warm-up time, unless otherwise stated.

### TMG 07 Series, 7 Watt

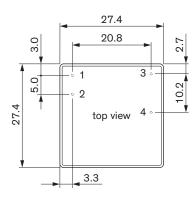

| Environmental Compliance - REACH Declaration | www.tracopower.com/info/reach-declaration.pdf |
|--|---|
|  | REACH SVHC list compliant                     |
|  | REACH Annex XVII compliant                    |
| - RoHS Declaration                           | www.tracopower.com/info/rohs-declaration.pdf  |
|  | Exemptions: 7c-I                              |
|  | (RoHS exemptions refer to the component       |
|  | concentration only, not to the overall        |
|  | concentration in the product (O5A rule).)     |
| - SCIP Reference Number                      | 8f5dce1d-53ac-401f-8570-51de2b216ed6          |
