

## Partial End of Life Announcement

**Date** September 7<sup>th</sup> 2018  
**No.** 023-18

### TRACO POWER SHV Series

#### To whom it may concern

An internal key component used for partial TRACO POWER SHV Series (3 Watt High Voltage Converters) has unexpectedly been made obsolete and is being withdrawn from the standard components market by its manufacturer, causing rapid device unavailability.

In consequence, TRACO is forced to declare the discontinuation of

SHV 12-0.5 K 6000P  
SHV 12-0.5 K 6000N  
SHV 12-1.0 K 2000P  
SHV 12-1.0 K 2000N  
SHV 12-1.5 K 1300P  
SHV 12-1.5 K 1300N

Factory production has terminated end of December 2017. Form-fit-function TRACO POWER substitutes unfortunately do not exist, however, electrically similar models are

THV 12-500P  
THV 12-500N  
THV 12-1000P  
THV 12-1000N  
THV 12-1500P  
THV 12-1500N

Affected customers may perform replacement evaluations on these TRACO POWER Models  
We thank you for your understanding and apologize for any resulting inconveniences.

Simeon Tremp  
Product Manager
