To whom it may concern

Baar, November 4. 2013

End Of Life Announcement, TRACOPOWER TOL-Series

An internal key component used for TRACOPOWER TOL Series power supplies has unexpectedly been made obsolete and is being withdrawn from the standard component market by its manufacturer, rapidly causing device unavailability.

In consequence, TRACO is forced to declare the discontinuation of TOL Series.

Factory production order entry acceptance for TOL Series will terminate end of November 2013.

Accordingly, customers are requested to place their Last Buy Orders to TRACO or its Distributors by November 15. 2013.

Form-fit-function TRACOPOWER substitutes unfortunately do not exist for TOL Series. Affected customers may perform replacement evaluations on TRACOPOWER Series TOP-60; TOP-100; TOP-200; TPP-100; TPP150; TXH; TXM, subject to full customer engineering approval.

We thank you for your understanding and apologize for any inconveniences caused.

With best regards,

Traco Electronic AG
